Panoramic Views, 1.5 Acres & Exceptional Development Potential Set within approximately 1.5 acres of tropical grounds in Mount Pleasant, Rocky Top Villa presents an unusual opportunity to acquire an established three-bedroom property together with substantial land in one of Bequia's most attractive hillside locations. The house occupies a dramatic, almost clifftop-like position within the property, enjoying extensive outlooks across both the west and southeast of the island, including Admiralty Bay, Mustique and the Southern Grenadines. Its position also captures the cooling easterly trade winds, creating a naturally breezy and comfortable environment.
